

REPUBLICANS TO MEET

General Mass Meeting at Rosenbaum's Hall Tonight.

CITY COMMITTEE TO BE CHOSEN

Few New Candidates are Mentioned and Practically all Members Will be Re-elected—Delegates to First District Congressional Convention.

A mass meeting of Republicans of this city, called by the city committee, will be held at Rosenbaum's hall tonight at 8 o'clock for the purpose of electing a new committee and selecting ten delegates to the First district congressional convention.

It is understood that practically all of the old committeemen will be re-elected. Only one or two candidates are mentioned and it looks as though the personnel of the committee will not be changed to any extent.

Chairman Williams stated last night that it is likely that twenty delegates, with one-half of a vote each, will be elected to represent the city in the convention. As the convention is to be held in Hampton many of the leading members of the party will be anxious to go over.

It seems very probable that the Republicans will put up a candidate to oppose Hon. William A. Jones, the Democratic nominee, although the matter has not been finally decided upon.

With the Donnelly & Hatfield Minstrels, which are to appear in this city tomorrow matinee and night under the personal direction of Al G. Field are many singers who have gained prominence on the American stage in the past few years.

An aggregation of soloists is said to have been engaged for the Donnelly & Hatfield show seldom seen in one organization. The band music is also a feature with the company, which claims to carry a band of twenty-five musicians and an orchestra of fifteen.

Few Changes in Cast.

Theater goers will be pleased by the announcement that "Sergeant Kity," the great comic opera success which scored such a hit here last season will be seen at the Academy again next Monday night.

It is said that the company headed by dainty, winsome Helen Byron, with the exception of one or two changes for the better, is practically the same that was seen here before, and the return of this attraction should arouse considerable attention among theater goers.

MORE POOR SEAMANSHIP.

Another Government Boat Runs Into a Merchant Vessel.

(By Associated Press.)

NORFOLK, VA., Sept. 13.—The destroyer Lebon, engaged in wireless telegraph tests in Lynnhaven bay, was in collision today off Lambert's Point with the schooner Mary Washington which was badly damaged.

When seen at the yard Captain James Merithew, commanding the Lebon, said his boat was coming toward the yard at fair speed, when the schooner began to bear down on him without making any effort to change its course. Before the Lebon could be steered to one side the crash came, carrying away the foremast and bowsprit of the schooner.

She was later picked up by the tug Mohawk and towed to Berkeley Flats, where she was beached to prevent her sinking.

The Lebon was not damaged as a result of the ramming she received from the schooner.

An official report of the affair has been made to the commandant by Captain Merithew.

OF VITAL INTEREST TO EVERY CITIZEN.

MR. HERMAN ROESE.

A Man of Prominence in School Circles and Overseer of the Poor Says Pe-ru-na Has Proven a Most Efficacious Remedy.

Herman Roese, 18 New Butternut St., Syracuse, N. Y., is President of the Board of Trustees of Webster graded schools, Dist. 8, in the town of Salina. He is also Overseer of the Poor, which position has afforded him ample opportunity for noting the causes of disease, as well as the best means of preventing and curing the same.

He expresses his approval of the use of Peru-na as a very effective means of solving a problem of such vital interest to the community, as follows:

"Exposure seems to affect the lungs and kidneys of the poor and I have seen hundreds of these who were broken down in health from this cause. 'I am pleased to tell you that Peru-na has proven a most efficacious remedy in a number of cases where no other medicine was used. 'I consider it a specific for any disorders of the respiratory organs.'"

RECOUNT FOR MAINE.

Democrats Are Sure They Have Carried the State.

(By Associated Press.)

PORTLAND, ME., Sept. 13.—"This election will be thoroughly investigated and it is likely that an investigation will be carried to the courts," said he.

This statement was issued today by Cyrus W. Davis, the Democratic candidate for governor, who on the face of the returns was defeated by Governor William L. Cobb, Republican, by 8,882 votes.

Mr. Davis made the statement in commenting on a new item which appeared today in his personal organ, The Waterville Sentinel. The item said:

"The Maine election is still in doubt. There is a good prospect that the Democrats will not only control the next Maine House of Representatives, but on joint ballot will have a majority of the entire Legislature and elect a United States Senator to succeed Mr. Frye. As a sample of what is being done it may be mentioned that the investigation of the returns already shows the election of three Democratic Representatives in places where the Republicans claimed to be winners.

"Information is at hand which indicates that this three may be many times multiplied—in fact—time enough to ensure the control of the Legislature."

Rivalry Over Which Ship Shall Take President to Panama.

LOUISIANA AND CONNECTICUT

Local Built Craft Has Aready Had

"Shaking Down" Run and is in Pink of Condition for the Voyage to the Isthmus.

It seems that the race between the shipyard here and the navy yard at Brooklyn in the construction of the battleships Louisiana and Connecticut is to result in permanent rivalry between the ships. A contest is now on over the question of which of these ships shall take President Roosevelt to Panama.

From Washington comes the report that the navy department may settle the contest by sending both vessels. It is practically assured that the Louisiana the local company's product, will make the trip, because she has already had her "shaking down" runs and is in the pink of condition.

The question of whether or not the Connecticut is to go to Panama is said to depend largely upon the result of the trials of that vessel. The Connecticut has just been completed by the navy yard and there seems to be some question as to whether or not she can be "shaken down" before the President is ready to start.

Two More Robberies.

General Chester Asked Not to Attend Unveiling.

VIENNA, Sept. 13.—According to a report published in the Budapest newspaper Anap, this evening the state department at Washington has advised Consul General Chester not to attend the unveiling of the Washington statue at Budapest September 16, because the committee in charge of the ceremonies omitted to invite Ambassador Charles S. Francis. Mr. Chester, however, could only attend in his private capacity, not being entitled to perform any official function at the ceremony. At the American embassy here tonight it was stated that nothing was known regarding the matter except the fact that Ambassador Francis had not been invited.

FEMALE SUFFRAGE ALOISHED.

Electoral Reform Committee Takes Away With Woman's Right.

VIENNA, Sept. 13.—Under the new electoral reform bill the privilege hitherto accorded women who are land proprietors, of voting at parliamentary elections is abolished. At a meeting of the electoral reform committee today some of the deputies urged the retention of the privilege and its extension to women earning \$200 yearly or independently carrying on business or administering estates. Baron von Bienenrath, the minister of the interior, on behalf of the government pointed out that all attempts to extend female suffrage on the Continent had failed, especially where universal suffrage was introduced, and he doubted the advisability of the step at the present stage of the political evolution of Austria. Victor Adler, the Socialist leader, though an advocate of female suffrage, also considered the present time unpropitious for undertaking an extension of right.
